

A&L
WINDOWS | DOORS

DELIVERING DURABLE, AFFORDABLE
WINDOWS & DOORS

SINCE 1980

THE INDUSTRY EXPERTS

Founded by Arion Pierson & Les Johns in 1980, A&L boast over 37 years of industry expertise.

Manufacturing in Victoria and Queensland and with a network of showrooms across the east coast, our large scale operation provides buying power to keep our costs and therefore prices low.

STYLISH PRODUCTS, MADE TO LAST

Well known for our durable, affordable products, our design philosophy also centres around a clean, modern aesthetic.

- All products independently tested and compliant with AS2047 and AS4055.
- Designed with concealed drainage holes and hidden screws and rivets for a cleaner look, and fewer moving parts for durability.
- C Channels located along the jamb of all windows allow for optional factory fitted flashings, reducing the need to seal all gaps and cracks.
- Unique inline reveals and a size range based on brick opening sizes make installation easy.
- Products for compliance with Bushfire and Cyclonic requirements, with a number of options for BAL40 and C1 and C2.
- Modern colour range, regularly reviewed.

A&L products come with a 3 year guarantee on all moving parts and hardware and a 7 year guarantee on all non-moving parts (excluding glass).

ALUMINIUM WINDOWS & DOORS

We offer a wide range of aluminium products to suit any unique requirements. All A&L products are manufactured to strict Australian Building Standards.

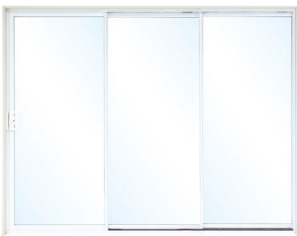

- Sashless Windows
- Louvre Windows
- Double Hung Windows
- Awning Windows
- Sliding Windows
- Fixed Windows
- Bifold Windows
- Bifold Doors
- French Doors
- Sliding Doors

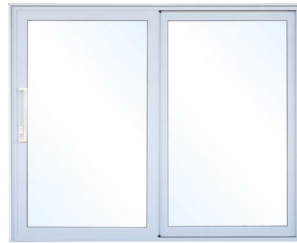

THE BOUTIQUE PLATFORM SERIES

The Boutique Platform Series is our striking, premium range of products. Solid, commercial-look frames and silky smooth operation provide a luxury feel, to enhance any style of home.

Standard Sliding Door
Panels up to 1200mm wide

Boutique Sliding Door
Panels up to 1800mm wide

Greater panel widths allow for a 2 panel Boutique Sliding Door in place of a 3 panel Standard Sliding Door, for a cleaner finish.

SCREENING SOLUTIONS

Complete the picture with screening solutions to match your A&L windows and doors.

We offer a wide range of fly screens, fly screen doors and barrier doors to keep the bugs and other pests out, as discretely as possible.

- 7 year guarantee on manufacture
- 3 year guarantee on moving parts
- Key matched to your A&L sliding door
- Triple locking system available for added strength
- Various mesh types available

Quality marine grade stainless steel barrier doors, with no grille required

Premium retractable screens for Boutique Sliding Doors

LEADING THE WAY IN ENERGY PERFORMANCE

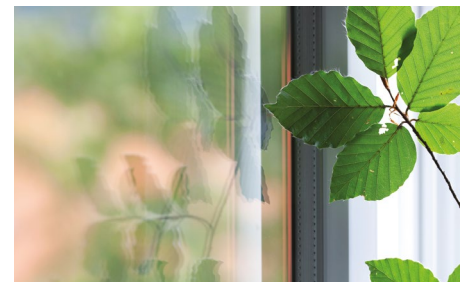

Our products lead the way in energy efficiency, thanks to our unique inline reveal and argon filled double glazing.

		Awning Window with 4mm Clear Float		Awning Window with 6.38mm Low E		Awning Window with Double Glazing

	2	21%	34%	49%	44%	39%	65%

Source Window Energy Rating Scheme (WERS) 12/12/16

A&L are Number 1 for:

- ✓ Cooling & Heating in Awning Windows with 4mm Clear Float
- ✓ Cooling in Awning Windows with 6.38mm Low E
- ✓ Heating in Awning Windows with Double Glazing

Visit www.wers.net for full details.

PROCESSES

- Black tape is applied to all aluminium surfaces, as standard, to prevent damage during transport and construction.
- Face wrap to the glass and protective plastic wrap over the whole product are also available, for additional protection (in VIC only).

- Hand over kits supplied with every order containing the glazing certificate and useful references for ongoing maintenance. They also contain product keys that cannot be delivered with the product for security reasons.
- Being installed early in the construction process, windows and doors are subject to damage during other works inside and out. An optional hand over service is available to ensure all products are in perfect condition for the home owners.
