Door Size:										

Bars are evenly spaced based on the overall height and width of the product, not the glass area. This ensures bars align across a product regardless of the sash type. Please consider other nearby products, as they may need to be customised if you wish for all bars to align. Please discuss your specification with an A&L sales representative to ensure your desired aesthetic can be achieved.

DATE OCTOBER 2017	For further product information visit: www.alwindows.com.au
