# Awning Windows - Metro Style

## Horizontal Aluminium Profile Bar

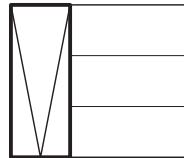

The 'Metro Style' window range is available with a number of Horizontal Aluminium Profile Bar (HAPB) patterns. The HAPB is designed only to be used horizontally across the window.

The HAPB can be used in different lights in each window configuration

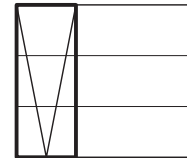

- Across the sash only
- Across the fixed light only
- Across both the sash and fixed light

Sash only (S)

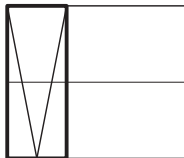

Fixed only (F)

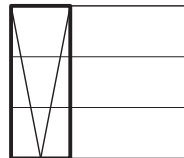

Sash & Fixed (SF)

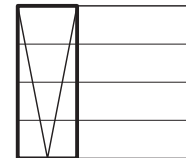

The number of HAPB's used in each window configuration can also be changed

1 Bar

2 Bar

3 Bar

### HOW TO ORDER A BAR CONFIGURATION AGAINST THE METRO RANGE:

1. Select code of the window you require (as shown overleaf)
2. Add the accessory HAPB to the window followed by;
3. The number of horizontal bars required followed by;
4. The location you require the bar in (S, F, SF)

For example:

# os-1518-HAPB3F

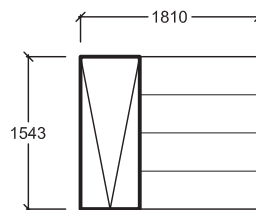

Window range Prefix

Height x Width Code

Horizontal Aluminium Profile Bar

Number of Bars

Bar Location

os-1518-HAPB3F

### NOTES:

- The HAPB's are always spaced equally
- When used on the OST windows, the bars are spaced equally above the transom only
